

NON-TOXIC PEST Management Solutions

Introducing **Viper**, our new range of specialised rodent and insect management systems. As always, PestIT's focus remains on specialised, environmentally minded and non-chemical pest management solutions. With a global movement towards poison-free, sustainable, environment friendly and humane treatment of all animals, the Viper devices will complement a modern, professional pest management approach.

Here is an introduction to the Viper products that are **NOW** in stock.

Viper Hi-Sec Metal Rat Station

Unique to the Viper range are the all-weather metal vandal-proof, high security stations for indoor and outdoor public spaces. The Viper Hi-Sec Rat Station accommodates a snap trap, glueboard, rodent blocks and sensor technologies. They are ideal for health, correctional, government, education, and public sectors. A Viper Rat Snap Trap is supplied **FREE** with each unit. Glueboard and accessories also available.

Code: 15-VHSR01

Viper Hi-Sec Mouse

A compact heavy-duty high security metal mouse model is also available. This unique metal vandal-proof, all weather metal mouse station is supplied with an upgraded key (compatible with the above Viper Hi-Sec Rat station). The Viper Hi-Sec Mouse is suitable for baited applications in public and high security sectors.

Viper L-Catch Mouse

The Viper L-Catch Mouse Station is designed as a capture control station with the two FREE snap traps supplied. In order to fit the snap traps, the Viper L-Catch Mouse Station is also a taller station than the traditional tin based stations. The higher roof also allows for new sensor technology for 24/7 monitoring. This large station is 260mm x 160mm x 65mm.

Code: 15-VLCM01

Viper L-Catch Mouse

The Viper L-Catch Rat offers a live capture or non-toxic capture kill option for rats with the use of two FREE Snap Traps supplied or an optional glueboard. The design allows for multiple captures of rats and is perfect for use in food production and services areas, health, education, commercial and industrial applications. This large station is 430mm x 92mm x 210mm.

Code: 15-VLCR01

Viper Deluxe Snap Traps

Instrumental to all non-chemical rodent control or monitoring, the Viper Snap Traps are robust and effective, yet economical. Viper Deluxe Rat and Mouse Snap Traps are compatible with the Viper Stations above in rat and mouse size configurations.

Code: 15-VSTM01 (mouse)

Code: 15-VSTR01 (rat)

Viper Deluxe Rat Station

The Viper Deluxe is a premium, plastic tamper-proof, all weather rat station. The compact, yet heavy-duty construction is suitable for snap trap, glueboard, rodent bait and sensor capabilities. Supplied with a wall mounting bracket and packed with professional features.

Code: 15-VDRS01

Viper Multi Fly Unit Glueboard

This is a versatile economy UV fly unit glueboard, in a large 466mm x 283mm with multiple perforations in packs of 25. Black in colour to discreetly hide flies, with a white grid for easy fly counting and monitoring. This larger board will fit an enormous array of fly unit brands. Remove various perforations to fit your trap of choice.

Code: 15-VMB01

Viper Deluxe Fly Unit Glueboard

This is a premium 1mm rigid 427mm x 245mm UV fly unit glueboard in packs of 10. Black in colour to discreetly hide flies, with a red grid for easy fly counting and monitoring. This is an industry standard sized board to fit numerous brands including PestWest, BRC and many others.

Code: 15-VDB01

Viper Moth Trap

The Viper Moth Trap is a premium, triangular shaped pheromone glueboard for pantry and warehouse moths. Designed to hang, the shape allows for air to pass through to allow for maximum pheromone dispersal. Ideal for commercial or domestic situations.

Code: 15-VMT01

Viper Deluxe Cockroach Trap

The Viper Deluxe Cockroach Trap is a premium, baited monitoring glueboard. Inexpensive in cost, yet valuable to every cockroach monitoring and control process. The large surface area of this "low profile" cockroach trap will be ideal for all commercial and domestic cockroach management programs.

Code: 15-VCGT01
